

## Vintage Stock Announces New Store Management

February 18, 2009

Vintage Stock is announcing a change in management in location at 2631 N. Kansas Expressway. Current manager, Aimee Durham, is leaving to pursue other opportunities. Replacing her will be Springfield native, Chris Lenger, who is currently the store manager at one of our locations in Overland Park, Kansas. While we are sad to lose Aimee, who has done a great job in her position, we are also very excited to be able to provide Chris with an opportunity to come back home and serve in his community. Chris brings with him a wide range of product knowledge, and a true enthusiasm for what Vintage Stock is all about- customers. Chris Lenger will be taking over the Springfield North store on March 1, 2009. Please stop in and say hello. Remember, Vintage Stock is the smart retailing experience where friendly and knowledgeable sales staff helps you buy, sell, and trade music, video games, movies and more.
